Uniform

A comprehensive range of school uniform items can be purchased direct from Steady School and Sportswear:

www.steadyschoolwear.co.uk

Items include sweatshirts, cardigans, polo shirts and PE kit; fleeces, jackets and reading book bags are also available.

However, your supermarket or high street store uniform is perfectly fine this includes things like cardigans – as long as they are blue.

PE Kit

For PE, both boys and girls wear black shorts/jogging bottoms and white T-shirts. The children can also wear a black tracksuit top for the cold weather.

The children will come to school in their uniform and get changed at school. This will promote independence and encourage the children to look after their belongings.

Children can bring in their own waterproofs and wellies for messy outdoor play!

We do have aprons and wellies they can borrow too.

Please name everything!

Healthy Eating – Lunchtimes

At lunchtime we provide hot school meals which are prepared in the kitchen at Inmans Primary School. Meals are free of charge for children in Foundation Stage and Key Stage 1 and cost £2.45 each for children in Key Stage 2. Menus for the term are available to view in the school entrance and on the website. Please be aware that www.eastriding.gov.uk has information regarding eligibility for free school meals.

The school accepts payment for meals on Arbor, an online payment system. Please see the school office for more information and access details.

If a child has an appointment or is absent for other reasons in the morning and they are expected to return to school before lunchtime, the parent/carer must notify the office by 9.00am that day if a hot school meal is required, as orders are placed with Inmans once the morning registers have been checked.

Children may bring a packed lunch in a named plastic container and a bottled drink, eg juice, squash, flavoured water – NO fizzy drinks please. All children staying at lunchtime are supervised by our experienced lunchtime staff. The children are encouraged to eat a balanced meal, use good table manners and enjoy a well-ordered social occasion.

Children who go home for their lunch must be collected from the entrance at 12.00pm. All children should return at 1.00pm. Children who arrive back before this time will be asked to wait in the entrance until school starts again at 1.00pm.

Parents are welcome to view a full list of allergens for all hot meals served at lunchtimes. This can be arranged via the school office.

Jacket Potatoes are available every day with a choice of filling.

Please note that we are a nut-free school.

Additional School Funding

The Pupil Premium Grant is additional funding on top of the main funding a school receives. It is targeted at all children from lower income families to ensure that they benefit from the same opportunities as children from families with higher incomes.

Since the introduction of the Universal Infant Free School Meals for Foundation and Infant classes the number of parents claiming free school meals due to family circumstances has reduced. In many instances this is having a significant impact on the Pupil Premium Grant funding received by schools, including Thorngumbald Primary School. This would also enable the school to offset some of the reduction in funding it is due to receive due to the National Funding Formula.

As a school we can claim £1480 per child who is claiming Free School Meals through circumstance in any year group from EYFS upwards. We can continue to claim this money for the rest of your child's primary school life even if your circumstances change. This money can be used to support your child in a targeted way including intervention time, resources or small group work.

If you think you may be entitled to Free School Meals due to circumstance, whatever year group your child is in, please visit the School Office to collect an application form or alternatively call the Benefits Team on 01482 394799. You can also apply online, if you go on the internet and search for East Riding Free School Meals and apply online. We ask that you do this as soon as possible in order that we do not miss out on the next round of funding in January.

Please do not hesitate to speak to the School Office or benefit section if you have any queries regarding this.

Acceptable Internet Use Statement for Pupils

The school recognises that, under certain circumstances, the internet can give children access to undesirable information and images. We have done all that is possible to ensure children are protected from such information through the use of security software, limiting of features, supervising children whilst using the computers and teaching the children to use the facility sensibly. By doing this we have created a safe educational environment.

As part of this Acceptable Use Policy, there are a number of rules that we expect children to adhere to when using the internet. It is a requirement of our Acceptable Use Policy that all pupils must have permission from their parent/carer, in order to use the internet as directed by a member of staff at the school.

Rules for Responsible Internet Use Children will:

- At all times think before clicking on something.
- When using the internet, only access safe and appropriate sites and think carefully about the websites they are accessing.
- Tell a responsible adult straight away if they find a website or image that is inappropriate.
- When using information or images from the internet, they try and say which website it came from and if possible, link back to the site.
- When communicating online (blogs and email etc.), think about the words that are used and will not use words that may offend people.
- When online, only use their first name and not share personal details such as email addresses, school or phone number.
- Understand that people online might not be who they say they are.
- Not look at other people's files or documents without their permission.
- Think before deleting files.
- Know that teachers can and will check files and websites that have used.
- Take care when using the computers and transporting equipment.
- Keep usernames and passwords secure, but understand they can share them with appropriate people such as parents or teachers.
- Not install any software or hardware (including memory sticks) without permission from a teacher.
- Understand that if they act inappropriately whilst using technology then parents will be informed.

If you have any questions, please contact our Computing Lead: Miss Nagy.
